I. Track Hire

1. The Hirer has Public Liability Insurance (minimum \$20 million) for their hire event. IWMAC does not warrant that the Hirer's insurance is adequate for the Hirer and/or their event.
2. The Hirer indemnifies and will keep indemnified the IWMAC in respect to any damage, cost, loss, expense or claim suffered or incurred by IWMAC which is caused by or arises out of the Hirer's activities, acts and/or omissions.
3. IWMAC gives no warranty or assurance as to the safety or adequacy of the track, facilities and/or the Hirer's event/activities. The Hirer acknowledges that driving at speed on a dirt track is an inherently dangerous activity. The Hirer is responsible for the assessment and management of risk of and in relation to the Hirer's event/activities.
4. The Hirer is responsible for ensuring the hired race track and associated facilities are not damaged (beyond fair wear & tear) as a result of any activity, and left in a clean, tidy and secure condition.
5. The Hirer agrees to pay for any damage repair and/or clean-up costs and costs associated with Ipswich City Council charges, Emergency Services, Security or Duty Officer callouts, where caused or contributed to by an act or omission by the Hirer and/or their client/s.
6. Damage to the specialised race track surface beyond fair wear & tear includes:
 - i) excessive drifting causing surface material to be propelled beyond the track.
 - ii) cutting corners and making new tracks not on the specialised track surface resulting in holes and causing surface material to be propelled beyond the track.
 - iii) allowing vehicle wheels to be outside of the boundaries of the approved marked track layout;
 - iv) overuse of an unfit wet track surface or wet parts of the surface (from rain during the day) causing holes and causing surface material to be propelled beyond the track.
 - v) damage to track infrastructure – track markers, tyre walls etc.
 - vi) damage to areas beyond the bounds of the defined track.
7. The IWMAC water truck will be used to manage the moisture and control dust for the track. Allowing access for the IWMAC water truck for track moisture control and dust control for the hired day is the responsibility of the Hirer. The application of the water truck will remain at the discretion of the IWMAC truck driver.

8. The Hirer will manage their activity to ensure the application of water protects the specialist track surface and minimises dust.
9. Any damage to the track or facility is to be reported to IWMAC by the Hirer as soon as possible, at least prior to the close of business of each hired day.
10. The Hirer must:
 - i) leave the toilets and other facilities in a clean and tidy condition; and
 - ii) cause all rubbish to be removed to the Council dumpster.
11. Storage of vehicles and equipment is not included in track hire. Damaged or broken-down cars must be removed from site before the end of the hire or extra charges will apply.
12. The repair costs of damage to the facility or equipment will be recovered from the hirer.
13. All tents, marquees etc. must be stabilised with weights or sandbags. The use of pegs, stakes or other ground penetrations is not permitted.
14. All Hirer electrical equipment must be tested and tagged and in current test date.

J. Track operations use

1. The Hirer warrants that it is adequately qualified, experienced and resourced to risk-assess, run and manage the proposed event in a safe and controlled manner.
2. The Hirer shall adequately manage, supervise, control and monitor all of its employees, volunteers, clients (and their associates) and activities to ensure that the facility is used safely and appropriately to minimise damage to the specialist track surface and equipment/facilities.
3. The Hirer is to ensure all necessary safety equipment is available and fit for purpose at all times during the event.
4. The Hirer is to ensure drivers are supervised to drive within the boundary constraints of the approved marked track layout.
5. The Hirer must not change the approved marked track layout by (for example) repositioning cones. Additional cones may be placed inside the approved track layout.
6. The Hirer must ensure no short-cutting or “dirt-dropping” (intentionally dropping one or both rear tires off the main track surface) occurs.
7. The Hirer must ensure that no vehicles are driven at high speed on the track while the water truck is on the track. Vehicles driven at low speed is acceptable.

8. The Hirer shall suitably supervise and manage to a high standard, the safety of all persons on site including participants, employees, volunteers, spectators and photographers.
9. The Hirer shall ensure all participants understand and meet the requirements for track use including ensuring all drivers minimise wear and tear or damage to the specialised track surface and all associated facilities.
10. The Hirer shall provide on-site medical response and equipment suitable and adequate for their activities.
11. The Hirer shall ensure emergency plans include maintaining access to emergency vehicles at all times.
12. The Hirer shall provide and maintain firefighting capability and equipment suitable and adequate for their activities.
13. The Hirer is to ensure no alcohol, illicit drugs, glass or animals are brought onto the venue.
14. The Hirer is to ensure refuelling is only performed in the 'scrutineering' area provided, by two persons (one of whom has a fire extinguisher on standby).
15. The Hirer shall supervise activities and ensure track activities are paused for any period these conditions are not met.
16. IWMAC retains the right to pause and or cancel the hire at any time.

Track use for Participant/Driver

1. The Hirer is to ensure drivers minimise damage to the integrity of the specialised track surface.
2. Vehicles – off-road 4x4 vehicles are not suitable due to the damage they cause to the track.
3. Tyres - all vehicles – No aggressive tyres are permitted on any vehicle. All terrain, rally, knobby speedway or all terrain tyres are not permitted. Road radials only and no space savers.
4. Drivers are required to:
 - i) Stay within the bounds of the marked track layout.
 - ii) Not misuse or damage the track by hitting tyres, hats etc.
 - iii) ensure pits, staging area, building and amenities are kept clean and tidy.
